

MARTIAN NOTIFIER

The *Out of this World* Smartwatch that
Makes Life on Earth Easier

In today's world, people still buy watches first and foremost for fashion. The **Martian Notifier** smartwatch brings the convenience of social notifications to a fashion-forward timepiece at a down to earth price.

The Martian Notifier is an attractive, colorful analog wristwatch with an integrated OLED readout that acts as a hands-free gateway to the world, keeping users well informed while their phones remain in a pocket, purse or backpack. This unique smartwatch gives Android and iOS smartphone users the ability to receive real-time alerts and notifications on their wrists. Used in conjunction with the free **Martian Notifier App**, you will automatically receive notifications – including Caller ID, texts, Facebook, Twitter, Weather, Email, Calendar, Instagram, Pinterest, favorite games, your bank, fitness stats, news headlines, and any other alert your device allows. You can also initiate voice commands on your smartphone's speakerphone for uses such as “read text” while you're on the move.

- Access all of your smartphone's alerts and notifications instantly on your wrist
- Customize alert vibration patterns for eyes-free notification awareness
- Choose which alerts are sent to your watch and which stay on your phone
- Remotely initiate voice commands on your phone's speakerphone
- Silent alarm, hour repeater, leash, find phone, camera shutter control, and more!
- For iOS and Android
